

### HEPA-13

captures 99.95% of small particles and viruses in the air.

### Active Carbon

Eliminates smells and holds particles in place so they don't recirculate back in the room.

### Air Ionizer

Can cause a bond between negative and positive ions to create dense particles that can not float.

*Air-Aura*

*A breeze of fresh air at home*

CE

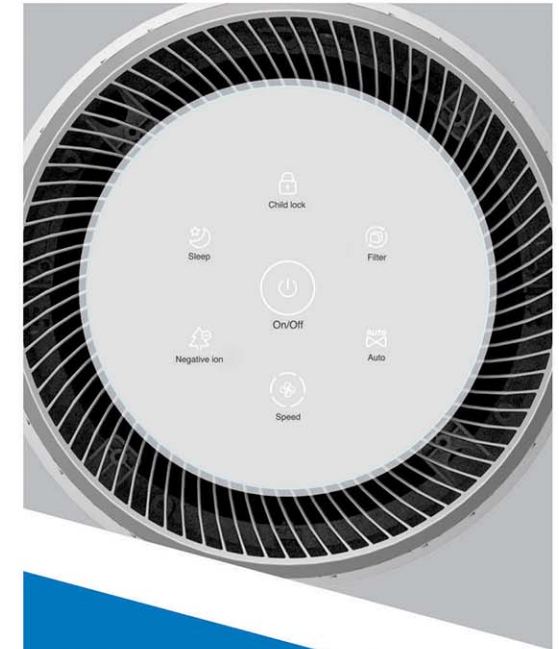

**Bäumen**

**AIR** purifier

Air is the most frequent human need. At **Bäumen** we specialize in best solutions regarding ventilation and air filtering.

## DC Motor

- Official Euro Standard CE
- "Sleep" Button (Quiet)
- Circulating Air 300m<sup>3</sup>/h
- Low Noise Purifier
- 360° Coverage
- 5 Speed Fan

## Filter

The filter is the main ingredient in cleaning air. *Air-Aura* comes with an Ionizer and a 3-in-1 filter including: Pre-Filter, HEPA-13, Active Carbon.

## Pre-filter

Blocks larger particles in the air like dust and hair. This effectively extends the life of filter.
